

Nouvel Catholic Central High School Community Service

Important Reminders:

- All students must earn 100 hours by graduation.
- Students must earn 20 service hours for each category (Parish, Community and School) equaling a total of 60 hours. The remaining 40 hours may be earned in any category or categories the student chooses.
- Students who earn 150 or more service hours by graduation will be awarded a service recognition cord to wear at commencement.
- All hours must be served with nonprofit organizations. Any hours served at for-profit organizations, even if unpaid, will be declined.
- Any hours served for private citizens or individual family members will be declined. (It is our Christian obligation and is very noble to help our relatives and friends but this type of service does not fulfill the graduation requirement.)
- It is the student's responsibility to make sure service cards are signed by a supervising adult and to turn them in on time. Cards signed by parents will be declined.
- If you have any doubt whether something may or may not count toward the service requirement, please contact Mrs. Jacqmain and double check.
